

Technical Data Sheet

Reinforced adhesive tape (TPL)

TPL - Self-adhesive tape, reinforced with mesh. Possesses high adhesion and stickiness, strong, elastic, moisture-proof. Used to seal joints, pipe joints, panels, etc. Due to its high moisture resistance it can be used for plumbing works.

Description	Units	Value
Adhesive type	-	Synthetic rubber
Backing	-	Reinforced polyethylene
Thickness	mm	0.14±0.015
Length	m	From 10 to 50 on request
Color	-	silver
Tensile strength	N/cm	28
Elongation at Break	%	20
Adhesion strength to steel	N/cm	5
Application temperature	°C	+5~50
Temperature rating	°C	-10~60
